# Urban Education Improvement Conference

---

- Practical strategies for urban curriculum improvement.
- How school culture impacts student achievement.
- How environment impacts student achievement.
- How to tie specific instructional strategies with standards to create powerful learning.
- Various types of classroom assessments that can be used to create a differentiated approach to teaching and learning.
- How curriculum data generated from curriculum mapping can be used in a systemic way to refine instructional practice.

*...and much, MUCH more!*

Join us as an active participant

**engaging in discussions  
and interactions**

with leaders and fellow educators  
from around the metropolitan St.  
Louis area who are changing the  
way teachers teach and  
**our** students learn.

The conference features a variety  
of sessions led by a roster of  
experts who will collaborate and  
consult with you to help  
**Improve Urban Education**  
at your school.
